

Readings are conducted via video chat on Zoom. If you prefer audio-only (without video) no problem. For astrology readings, I use the tropical zodiac, whole sign houses, and traditional rulerships. I'm currently only offering readings for people over the age of 18. All readings are for informational and creative purposes only. I am a certified astrologer through Nightlight Astrology. That said, certification from Nightlight Astrology is not intended to endorse recipients to practice as a therapist, counselor, or life coach, or to indicate fitness to give "spiritual" advice to others. Nothing shared in a reading should ever be taken as medical advice, legal advice, or financial advice. Please seek a medical, legal, or financial professional for advice in these fields.

By checking this box, you are stating that you have read and are in complete agreement with all of the above parameters and scope of services. Once you've submitted the booking form, I will be in touch with you via email to discuss details of the reading you would like, payments and scheduling.
